### ALL MEMBERS MEMORANDUM No 90-10

#### CORUS LONG PRODUCTS UK STRUCTURAL SECTIONS PRICE INCREASE

Corus Long Products will be raising its prices for structural sections by approximately £80 per tonne at the beginning of June 2010. Hence prices will have risen by c £190 per tonne in the first half of 2010.

March 2010	May 2010	June 2010
+ £50	+£60	+£80 approx

**NOTE:** Stockholder prices may increase by approximately a further £30 on top of the Mill price.

BCSA is advised that the price increases are being driven by rapidly rising input costs for iron ore (typically 100%) and coking coal (typically 70%) due to heavy demand for steel in China and India.

**GILLIAN MITCHELL MBE**  
**Deputy Director General**

*This information is provided by BCSA in good faith on the basis of information provided by Corus Long Products; however BCSA cannot be held liable for the accuracy of the figures provided.*

This Memorandum is also being circulated to non-BCSA steelwork contractors.
